

I was given your name by Frank Villarreal as POC for WFN. I need to request a BW upgrade to site SL01087B from 100M to 200M and add two additional VLANs, 2509 & 509, at 100M each. Can you please process this upgrade for us? No changes is needed for the existing VLANs 2479 & 479. Let me know if you have any question.
