## Provisions

- All construction must conform to Pleasant Grove City Standard and Specifications and Drawings.
- This permit expires within 30 days of the date received.
- All asphalt must be patched within 5 days of opening the trench.
- The contractor is responsible for work-zone safety and traffic control.
- Upon completion of work, inspections must be scheduled with Pleasant Grove City Public Works.
- The contractor must provide and obtain approval from the City Engineer or improvement drawings and cut Sheets for all utilities, curb, gutter, and sidewalk.
- If a road closure is required, the contractor must contact Pleasant Grove Department of Public Safety (801-785-3506), Public Works (801-785-2941), and the Alpine School District (801-763-7072).
- This permit must be approved and signed prior to work being started.
- A copy of this permit must remain with the contractor while work on the project continues.

Notice: Compliance with all laws and regulations is required to protect the public from damage, injury, or loss. All necessary safeguards shall be erected and maintained by the contractor for safety and protection. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other state or local law regarding construction or the performance of construction.

I hereby certify that I have read and examined this application and know the information supplied to be true and correct. All provisions of laws and ordinances governing this type of work will be complied with whether specified or not.
