Permit Issued By: Josh Thompson

**\*\* WORK GUARANTEED - 3 YEARS FROM ACCEPTANCE DATE \*\***

**ACCEPTANCE OF CONDITIONS.** It is understood and agreed by the Permittee that performing any work under this permit constitutes acceptance of Title 14 Chapter 32 of the Revised Ordinances of Salt Lake City and the City's Regulations for controlling construction, excavation and obstructions in the Public Right-of-Way, latest revision.

**PROXIMATE WORK.** Applicant agrees that no other work shall be done under this permit except that specifically set forth herein. It is the applicants responsibility to verify the exact location of city and private facilities prior to commencing excavation operations.

**PERMIT AND DRAWINGS AT JOB SITE.** The permittee shall have at the work site a copy of the permit, the traffic control plan, and the City approved drawings. **NOTIFICATION.** Notify the assigned inspector 24 hours before commencing work. Provide the following information: permit number, name and telephone number of permittee, date/time work is to commence, location of work and any other information which may be relevant to the work.

**CONFORMANCE TO EXISTING LAWS AND CITY SPECIFICATIONS.** Permittee agrees to be fully informed of all federal, state and local laws, ordinances, rules, regulations, and City Construction Specifications which, in any manner, affect the work, and at all times shall observe and comply with such laws, ordinances, rules, regulations and specifications. The City Engineer reserves the right to shut down and/or issue a citation for violation of these provisions.

**ENVIRONMENTAL LIABILITY.** Permittee agrees to indemnify, defend and hold harmless Salt Lake City, its officers, agents and employees against any claims, losses, damages, or expenses, including, without limitation, any fees or penalties imposed by the United States Environmental Protection Agency, the Utah State Department of Environmental Protection Agency, the Utah State Department of Environmental Quality or any other government or regulatory agency and any attorney's fees or costs sustained on account of, or related to, the presence, release, discovery or creation of hazardous wastes or similar materials as those materials are defined under applicable federal or state statutes or regulations, including, without limitation, the Resource Conservation and Recovery Act of 1976.

**STANDARD SPECIFICATIONS AND STANDARD DRAWINGS.** Comply with all Salt Lake City Standard Specifications and Standard Drawings for cutting surface, traffic control, backfill, compaction, selection of subgrade materials, asphalt and concrete surfacing requirements. Printed copies of the Regulations and Specifications can be obtained through the City Engineer's Office.

**WARRANTY.** Permittee shall guarantee the worksite restoration for a period of three years from completion and acceptance of the work, reasonable wear and tear excepted.

### SPECIAL CONDITIONS

**EXCAVATION OPERATIONS BLUE STAKES.** Before commencing excavation operations, Permittee shall call "Blue Stakes" at 811

**TRAFFIC CONTROL DEVICES.** Traffic control devices must be in place before excavation begins.

**ENVIRONMENTAL CONTROL DUST AND DEBRIS.** Keep dust and debris controlled at the work site at all times. If necessary, wet down dusty areas with water and provide containers for debris.

**WHEEL CLEANING ORDINANCE.** Conform to Section 18.20.210 of the Revised Ordinances of Salt Lake City, 1987. The ordinance describes the City's requirements for keeping the public way clean.

**NOISE.** Permittee shall control noise in accordance with the Salt Lake County Health Department Noise Ordinance.

**CLEANUP.** Remove all equipment, material, barricades and similar items from the right of way. Areas used for storage of excavated material will be smoothed and returned to their original contour. Vacuum sweeping or hand sweeping is required when Engineer determines cleaning equipment is ineffective.

**CONFORMANCE TO ENGINEERING REGULATIONS.** All provisions of Salt Lake City Engineering Regulation 5-R-4, "Regulations for Controlling Construction in the City's Public Way", and other pertinent Engineering Regulations, will be adhered to. Engineering Regulations can be obtained in the office of the City Engineer, 349 South 200 East, Suite 100, Salt Lake City, Utah 84111.

**TRAFFIC INTERRUPTION.** Construction operations will be conducted in a manner to minimize the amount of interference or interruption of roadway traffic. Except during emergency conditions or unless authorized by the Engineer, construction operations such as excavation, backfill and pavement restoration on major/collector and CBD streets are prohibited during peak traffic hours of 7:00 to 9:00 a.m. and 4:00 to 6:00 p.m.

**TRAFFIC CONTROL MANUAL.** All provisions of the current "Traffic Control Manual" shall be adhered to. This manual provides regulations concerning traffic control construction barricades, road closures, public and private access, traffic control signing, traffic control in Central Business Area and traffic control devices.

**EMERGENCY INFORMATION.** Permittee shall clearly post on barricades in letters not less than two inches (2 in.) high emergency information consisting of the name and emergency telephone number of the permittee, and the permittee shall cause at least one such barricade per block to be erected at every job site until the work is complete and formally accepted by the City.

**STREET EXCAVATION IN WINTER.** Excavation of City Streets during the winter months (herein defined as November 15 to April 1) will be allowed only if the work is a new service connection, required maintenance or emergency, or otherwise approved by the Engineer. Permanent patching of City streets excavated in the winter may be delayed until April 1, provided the permittee provides and maintains a temporary asphalt surface until such time as the permanent surfacing is accomplished.

**PRECONSTRUCTION PICTURES OF EXISTING PUBLIC WAY IMPROVEMENTS.** Prior to commencing the permit work, the permittee is encouraged to secure pictures of the conditions of the existing public way improvements such as curbing, sidewalk, landscaping, asphalt surfaces, etc.

**TIME LIMIT.** Unless authorized otherwise by the Engineer on the permit, all paving and replacement of street facilities shall be done within seven (7) calendar days from the time the excavation commences, or within three (3) calendar days on major or collector streets from the time excavation commences, except as provided for during excavation in winter or during weather conditions that do not allow paving according to applicable standards and specifications. If work is expected to exceed the above duration, the permittee shall submit a detailed construction schedule for approval. The schedule will address means and methods to minimize traffic disruption and complete the construction as soon as possible.
