Note: Completion of this form is mandatory when requesting additional IP addresses greater than

CentraCom abides to the policies of the American Registry for Internet Numbers (ARIN) regarding IP address allocation. As part of standard amount of IP addresses that customers can justify for use. Written justification for any IP address(ess) requested is required so that we can ensure that CentraCom IP addresses are being used efficiently. IPs may not, categorically, be allocated where they are not all used for a valid, ARIN-mandated, purpose and are unable to get more, if less than 80% of what they are assigned are being used. This is a result of customers requesting more IP space by using them inefficiently. ARIN has been truly cracking down on this abuse over the last six months. We are a responsible internet citizen and are justified.
