CentraCom IP Justification Form

Note: Completion of this form is mandatory when requesting additional IP addresses greater than the amount of eight (8) addresses.

CentraCom abides to the policies of the American Registry for Internet Numbers (ARIN) regarding IP address allocation. As part of standard service provided, CentraCom will assign the amount of IP addresses that customers can justify for use. Written justification for any IP address(ess) requested is required so that we can demonstrate to ARIN that IP addresses allocated to CentraCom are being used efficiently. IPs may not, categorically, be allocated whereby not all are used for a valid, ARIN-mandated, purpose. Many providers run out of their IP address space and are unable to get more, if less than 80% of what they are assigned are being used. This is a result of customers requesting more IP addresses than they actually need, or abuse IPs by using them inefficiently. ARIN has been truly cracking down on this abuse over the last six months. We are a responsible internet citizen and will use and allocate IP addresses only as justified.

IPv4 Request Information

Number of IP's Requested: 48 (3 blocks of 16)

Number of Routers: 1

Number of Servers: 5 Physical, 5-10 virtual

Number of Workstations: 0

Number of Dial-ups: 0

Number of Web Hosts: 5-10

Other Use (Please Specify):

VPN

Please describe your planned usage of new IP addresses and any special requests:

We'd like to get 3 blocks of 16 in different ranges if possible. This will let us better isolate our camera servers from the web servers.

Multiple web Servers and sites.
Security camera systems (some requiring an external IP).
Testing and Dev addresses so we don't break production!

We have 4 blocks of 16 and a smaller block with another provider that we will be dropping when we get these addresses. Our overall usage will thus drop.

Do you currently have IP Addresses issued to you by CentraCom? Y / **N**

Do You currently have IP addresses from another Internet Service Provider? **Y** / N

Please initial this box to indicate that you understand and acknowledge that all IP address space assigned to you by CentraCom is non-portable and will remain part of CentraCom's ARIN allocation if you discontinue CentraCom's Internet service. _____
